Come To The Dog Show

Kids! Bring your dogs to the big "Mutt Show," Tuesday at 10 a. m. in front of Westlake Market. That's at the corner of Westlake avenue and Miriam street. The show is sponsored by the makers of Pard dog food.

Pictured above are two trained dogs—black sheep dogs—with their trainer, Ray Courtright. These exceptional dogs will perform unbelievable tricks without a single word of direction from their master. They played to crowds for 76 days at the Golden Gate Exposition. You can see them in Pard's "Mutt Show," Tuesday.

But the main show will be the kids and their dogs, any kind of dogs. There will be prizes for everything, for the biggest dog, the littlest dog, the dog with the

longest tail, the one with the shortest tail, comical dress dogs, long hair, short hair, spotted—everything. The special prizes will be harnesses, leashes, collars, dear to dog-lovers; and every boy and girl at the show will get a prize.

Ancient Decorations
Shell, crystalline spar, bone and ivory were all employed by the ancients for architectural decoration. On these hard substances, the colorists could produce excellent designs. The thin film of color, however, was not durable—it soon wore away and light places showed through. Since those days, modern methods of decoration include certain mordants to set the colors and the steeping of small articles made from such dense substances in a dye bath for several hours.

Horse Rider Guilty
It isn't always necessary to have 80 horsepower under the hood to drive in a reckless manner. A Boulder man had only a one-horsepower vehicle under him when he drew such a charge. Riding a horse, he was accused of behaving so recklessly that two girls, walking in the road, were injured.

SIGNED TO A CONTRACT

Edward Everett Horton, as Flo Ziegfeld's press agent, has just persuaded Charles Winninger to allow his daughter, Judy Garland, to join the "Follies." As a result, he is reluctantly forced to try one of Winninger's cigars! The scene is from "Ziegfeld Girl," starring Miss Garland with James Stewart, Hedy Lamarr and Lana Turner, and now playing on the Daly City screen as the most significant musical to come out of Hollywood since "The Great Ziegfeld."

Hint For The Housewife

By Marion Cunningham

A lovely outdoor fireplace of Sedona, with its cupboard for dishes and an oven for roasting, adds to the beauty and comfort of this summer home. A roof of fire-resistant asphalt shingles protects it against sparks and flying embers.

HAMBURGERS, toasted marshmallows, popcorn, and thick, juicy steaks, all taste better when cooked over an open fire. So what summer home is complete without its outdoor fireplace and terrace? Easily added to any new or existing house, it makes a grand spot for summer loafing, cooking and eating.

But observe one note of caution—one that applies to every home, whether town house or country cottage. This is, protect it against that certain day when a spark flung to the air from chimney or a lampfire drops on its roof. If it is protected with fire-resistant shingles—such as asphalt shingles—there will be nothing to fear. If its roof shingles are dry and flammable, however, all the pleasure gained from a cheery fire may be forgotten in a tragic loss.

Guard President

At President Roosevelt's party for Washington newspaper reporters, guests who had wandered to the south lawn had a queer sensation when they tried to get back into the mansion and found the doors locked. Peering through the windows they saw that the brightly lighted Red room, the Blue room and the Green room had been suddenly emptied. Before long, a secret service aide came to explain. The rooms had been closed to allow President Roosevelt to pass through to his private elevator. Just part of closer guarding of the President since the war has become worse.

W. P. A. Accomplishments
Twenty-three public buildings and more than 300 miles of roads and streets were built, improved or added to by WPA workers in San Mateo county in five and one-half years. Northern California Work Projects Administrator William R. Lawson revealed last week in his report to Washington.

The review, Lawson said, covers the time between the start of the Federal work program in July, 1935, to and including December 31, 1940.

The summary of WPA work is a record of physical contributions

to community wealth in nearly every field of public works," he explained. "The accomplishments include construction, improvements, additions or extensions to six schools, a firehouse, three garages, a grandstand, four parks, three school playgrounds, an athletic field, four tennis courts and an incinerator plant.

"In the field of airport construction, one of the most important activities of the county's National Defense program, the WPA is operating one of the largest projects at strategically-located Mills Field.

Red Cross Volunteers

Revealed this week by the American Red Cross, San Mateo County chapter, is the fact that 378 volunteers, working without remuneration, gave 3723 hours of their time during the month of June in the performance of Red Cross duties within the area under the jurisdiction of the local chapter.

According to the staff assistance chairman of the local chapter, the largest number of workers is to be found in the production unit. There 328 women gave 2904 hours in the production of garments and surgical dressings for the relief of war sufferers.

"Ziegfeld Girl" Now Playing At D. C. Theatre

With twenty-one top flight screen personalities, opulently spectacular production numbers, 100 of the world's most beautiful girls and Adrian costumes, "Ziegfeld Girl" is now playing at the Daly City theatre.

James Stewart, Judy Garland, Hedy Lamarr, Lana Turner and Tony Martin head the all-star cast in a dramatic story by William Anthony McGuire, who was author and director of some of Florenz Ziegfeld's most successful stage shows and who wrote "The Great Ziegfeld."

Production numbers ranging from the typical Ziegfeldian "stairway" and a fantasy laid in the tropics, to the finale, using the world's largest drum, have settings by Cedric Gibbons, scaled to a lavish, spectacular note. The numbers feature 100 of the nation's leading beauties, with the twelve front-line showgirls chosen from among 600 applicants. Enhancing their beauty are Adrian's imaginatively designed costumes made from millions of sequins, rhinestones, spangles and costume jewels.

Tracing the lives of three girls, Sheila Regans, Susan Gallagher and Sandra Kolter, enacted respectively by Lana Turner, Judy Garland and Hedy Lamarr, the film shows how Ziegfeld's press agent, played by Edward Everett Horton, ever on the lookout for beauty, picks the girls from obscurity and skyrockets them to fame in the Follies. Sheila is an elevator operator, Susan is a young vaudeville performer appearing at the Harlem Opera House with her father, old-time comic Pop Gallagher, played by Charles Winninger. Sandra comes to the New Amsterdam theatre with her husband, Franz (Philip Dorn), former European concert violinist, who is trying out for the Ziegfeld orchestra. The three find fame—only two of them happiness.

Sheila, dazzled by her success and attentions from wealthy Geoffrey Collis (Ian Hunter), forsakes her truck-driver sweetheart, Gilbert Young, portrayed by James Stewart, and her middle-class Irish family, Fay Holden, Ed McNamara, Jackie Cooper and Ruth Tobey. In the end, her health wrecked, dismissed from the Follies, Sheila returns home and recaptures the love of Gil, who substituted bootlegging for truck-driving in order to compete with Sheila's wealthy admirers.

However, it is too late. Sheila dies on the opening night of a newer and greater Follies in which little Susan soars to success and carries with her her dad, who with his partner, Al Shean, win blasé Broadway with their "Gallagher and Shean" routine. Sandra, the beauty, deeply in love with her husband, loses him temporarily when he objects to her role in the Follies.

Companion feature on the new bill is "Repent At Leisure," with Wendy Barrie and Kent Taylor.

Good News!

San Mateo county property owners paid an average tax 38 cents lower than the average California property owner during the 1940-41 tax year, according to a compilation made by the California State Board of Equalization.

The over-all state average was \$4.18 per \$100 assessed valuation, while the average for this county was \$3.80. The state-wide average rate represented a 6 cent increase over the previous year, it was pointed out.

Members explained that it was necessary for the board to determine the average rate of local taxation in order to adopt a rate to be applied annually to the rolling stock of car companies whose holdings are taxable under the "Private Car Tax Act of 1937."

A SUPPER PARTY WITHOUT SWEETS is enjoyed by all

says Dorothy Craig

PARTY food to most of us means something rich and sweet, "all sugared and good up fit to kill", as a bachelor friend of the family describes it.

This same bachelor knows whereof he speaks for he is in demand at parties and is faced with "baffled" (his own word) by much party food. Refreshments served at his own smart little supper parties are very different. His platform on the subject is simple, his adherence to it unwavering. "No sweets", says he. He insists that all food must be crisp, crunchy, meaty or high flavored. There's never a whipped cream or sweet concoction to be seen.

Rather you will find thick soup ladled smoking hot from an enormous high riding tureen, cold whole baked hams, pots of pork and beans, fresh crusty rye bread, chilled salad greens, crunchy celery hearts, sardines, wonderful cheeses, pickles, polished red apples, juicy pears—all that sort of thing. And his guests love it—perhaps because such honest, gusty, relished foods are met but seldom at parties.

For instance, this spicy hot tomato juice punch provides a jolly start to such a sweetless supper.

**Hot Mulled Tomato Juice
with Lemon Slice Garnish**

5 cups tomato juice
5 tablespoons medium brown sugar
4 whole cloves

2 sticks cinnamon, about 3 inches long
4 slices lemon

Combine all ingredients, bring to a slow boil and simmer for two minutes. Strain. Serve hot from a large bowl with thin slices of lemon and orange floating on top. Makes 1½ quarts hot mulled tomato juice.

Supper Party Salad Mousse

This salad is another suggestion. It consists of crisp vegetables imprisoned in a chicken flavored mousse. Simple to make, delightful to eat.

1 can condensed chicken soup
2 eggs, separated
1 tablespoon gelatine (softened in ¼ cup water)

1½ cups cooked carrots, sliced
1 cup diced celery or cucumber
1 cup cooked green peas
½ cup salad dressing or mayonnaise

Heat the soup, add egg yolks gradually and cook until slightly thickened. Dissolve softened gelatine in hot soup mixture. Chill until it begins to stiffen, then add the carrots, green peas, celery or cucumber, beaten egg whites and mayonnaise. Pour into a mold and chill until firm. Remove from mold and serve on salad greens—lettuce, watercress or chikory or garnished with celery hearts and stuffed olives. Serves 8.

Fresh vegetables and condensed chicken soup are combined to make a delicious salad mousse.

All Set For That Vacation Motor Trip?

HERE IS A TIP to everyone who plans to take a vacation motor trip.

You plan your trip carefully to insure the most pleasure, don't you? You inquire about the best roads, the best accommodations, the most scenic routes. You do not want to spoil your vacation.

But did you ever stop to think what one thing could ruin your vacation more than anything else? Well, that one thing is a traffic accident. At the worst, it can mean death or injury. At best, it means added expense and inconvenience.

For a happy vacation, take caution, common sense and courtesy with you.

Wild Rice

Wild rice contains 14.8 per cent protein, 9.3 per cent moisture, 3 per cent sugars, 1.5 per cent ash, 1.1 per cent fiber and small amounts of fat, phosphorus, potassium, magnesium, sulfur, calcium and chlorine, says the American Chemical Society. The process of parching the seed, introduced by the Indians to facilitate removal of the hulls, reduces appreciably the content of fat, fiber, protein, total ash, magnesium, potassium and phosphorus. In a special test it was found that the vitamin B₁ content of three samples of wild rice seed averaged 1.87 international units per gram, whereas the average of the same three samples when parched was 1.39.

Last Word In Television

The new television antenna just completed atop the Chrysler building in New York is the only one of its kind in the world. Built to withstand a 150-mile gale, it consists of four hollow tapered aluminum bars, electrically heated to prevent formation of ice in the winter.

TICKING TOGS

PILLOW TICKING is one of the most popular materials for this season's play togs because it is both inexpensive and durable. Yvonne Mann, who is heard on "Aunt Jenny's Stories" over the Columbia network wears a striking blue and white striped shorts suit of this material. The man-tailored shorts have cuffs and the jacket is the regulation three button blazer model. (From Lanz of Salzburg).

Oldest Going Concern

A World's fair has been held annually at Leipzig without interruption for over 700 years, breaking all records for business longevity. The map of Europe has been repeatedly redrawn, dynasties have risen and fallen, but the fair has remained the one thing permanent. The fair attracts business men today from 74 countries. American participation dates back for a century. The fair includes the newest art and industrial products from 22 of the leading industrial countries.

China Elephant

Dr. William W. Christley, Corydon, Ind., dentist, found a tiny china elephant in the debris of the 1937 Ohio river flood. He kept it. Since then, he has collected more than 700 toy elephants, big and little, in every kind of material from ivory to sponge. He keeps them in his office.

Pays Debt

L. B. Evans, a farmer of Alberta, Canada, pays his debts even if they are 15 years old. He sent a check for \$50 to the city of Los Angeles for his hospital bill in 1926, at the post house. The city wrote back that the treatments were free, but Evans refused to take back the money.

Dangerous Firewood

Mrs. L. Marais of Cyferkuil, Western Transvaal, picked up a piece of firewood while lighting her kitchen and found to her horror that she had seized a deadly night adder. With great presence of mind, the housewife struck it against the floor and battered it to death.

Book Wear and Tear

V. J. McHenry, who annually supervises the removing of the 3,000 library books at the University of California, reports that it is always the first 20 pages of a book that suffer the greatest damage due to the efforts of students to concentrate on them. The middle and the end rarely ever have to be removed.

Draw Your Culinary Tricks From a Magic Bag of Lemons

By BETTY BARCLAY

Into his bag of tricks goes the magician's hand. Out come thrilling surprises that bring delighted "aha" and "oh" from the audience. A bag of lemons gives the cook a host of culinary tricks to delight family and guests.

The versatile lemon provides flavor magic that presto! changes uninteresting foods into menu top-liners. These tricks are so many and pleasing, it becomes a wise rule "to buy by the bag,"—a dozen or more at a time. Never leave the kitchen without its magic lemon.

A Trick for Tea

This bit of magic makes ordinary tea (any kind) reminiscent of rare and expensive blends. Add 1 teaspoon of grated lemon peel to 4 to 6 teaspoons of tea leaves. Steep as usual. Serve with juicy, decorative lemon quarters.

Salad Wizardy

A salad is only as good as its dressing. Here again, the fresh tang and flavor of lemon gives a cue to the culinary magician. Try it in your favorite dressing.

Especially good with a fruit salad is Lemon French Dressing. Blend well: 1/2 cup lemon juice, 1/2 cup salad oil, 1 teaspoon each salt and paprika, 2 tablespoons sugar or honey.

For other salad tricks, crisp greens by adding lemon juice to water in which they are freshened. Sprinkle bananas, apples, pears and peaches with lemon juice to keep color bright.

Lemon Tarts Capture Hearts

Serve him Lemon Tarts. Eve used this magic on Adam. Mix 1/2 cup sugar, 5 tablespoons cornstarch, 1/4 teaspoon salt, 1 1/2 cups water or milk, 1 teaspoon grated lemon peel. Cook in double boiler, stirring frequently until mixture thickens (10-15 minutes). Add 2 well-beaten egg yolks and 6 tablespoons lemon juice. Beat well. Cool and turn into tart shells. Top with meringue. Beat 2 egg whites until frothy. Add gradually 1/2 cup sugar. When stiff, pile on tarts. Brown in oven.

A Magic Touch for Vegetables

Supreme trick! Lemon transforms neglected but necessary vegetables into foods that even the children like. As important in serving vegetables as the salt and pepper shakers, is a dish of lemon quarters.

Good with asparagus, artichokes, cabbage, cauliflower, broccoli and Brussels sprouts, is Lemon Butter—two parts melted butter and one part lemon juice.

Other Lemon Tricks

A few drops of lemon juice on melon discovers hidden flavor. Try this, too, with avocados and with prune, pineapple, tomato and other fruit juices.

Sprinkle buttered waffles or hot cakes with sugar and a liberal squeeze of lemon juice.

Experiment with lemon and be your own culinary magician.

First Dog Shot
Bobby, an Alsatian dog attached to a crack French Zouave regiment as a messenger, was the first dog to be shot by the Germans on the Western front, according to a report received in Paris. His body was recovered and was buried with the following epitaph: "Here lies Bobby, a messenger dog, who fell on the field of honor while rendering service."

Greek Training Table
Candidates for athletic games in ancient Greece lived on new cheese, dried figs, boiled grain with warm water and no meat.

INDIAN SIGN is on this play suit of bright yellow and purple lines worn by CBS actress Gale Storm. The snug fitted bodice zips on as does the new version of long shorts with Aztec-like motif. A purple wrap-around skirt completes the play outfit. (From L. Magnin, Los Angeles.)

State Fair Plans Elaborate Program

Final plans for an elaborate entertainment program, racing, and a streamlined statewide scrip sale campaign for the 1941 California State Fair, opening August 29 in Sacramento, were formulated at a meeting of Exposition directors, Thursday, at Sacramento.

Headed by Kay Kayser, whose "College of Musical Knowledge" has led the Crosley poll for three years, five top radio bands have been booked to play for nightly dancing during the 10-day State Fair.

Plans for the nightly stage revue include a brilliant extravaganza to be presented nightly in front of the grandstand.

With widespread interest being evidenced, entries for the "Girl of the Olden West" contest launched by Fair officials were being received, last week. Prizes totaling \$500 will be awarded to the girls between 16 and 25 years old in eleven Western States chosen as typical of the pioneer west, on the basis of personality and authenticity of costumes. Selection of the winners will highlight Old West Day at the Fair, Sunday, August 31.

In addition to Kay Kayser and his famed band, supported by Ginny Simms, Fresno high school

Alabama Homicides
Homicides are decreasing in Alabama. There were 39 less homicides in the state in 1939 than in 1938, the state health department vital statistics bureau reports.

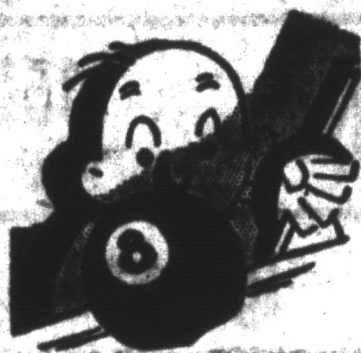

Somaliized Income Supply
Italian Somaliland is the source of half the world's supply of incense.

girl, Harry Babbit and "Ishkabibble," other bands booked for the nightly dances include Freddie Martin, Ozzie Nelson, Ray Noble and Charles Barnet and their orchestras, with Harriet Hilliard as featured vocalist for the Nelson troupe.
